# **WARNING**

## **IMPORTANT NOTICE**

Sport parachuting or skydiving is a potentially hazardous activity that could result in serious injury or death.

This Manual of Procedures provides basic rules, standards and recommendations for the conduct of safe and enjoyable skydiving. It is not intended to be all inclusive, but rather the basic essential information.

Skydivers are encouraged to research further and to ask their Chief Instructor or Safety Officer, Jumpmaster, Instructor or Instructor Examiner for additional information or clarification.

**EACH INDIVIDUAL PARTICIPANT, REGARDLESS OF EXPERIENCE, HAS THE FINAL RESPONSIBILITY FOR HIS OR HER OWN SAFETY.**

An individual's safety can be enhanced by exercising proper precautions and procedures. This publication contains some of the knowledge and practices that, in the opinion of PANAM, will promote the safe enjoyment of skydiving.

It is the responsibility of each student to ask whatever questions are necessary for him or her to have a thorough understanding of the actions and procedures that he or she must perform in order to make a safe jump. Each skydiver has the responsibility to exercise certain practices and perform certain actions to maintain safety for himself or herself and for other people.

PANAM issues various licences, ratings and appointments and provides various types of information, advice and training. PANAM can suspend or revoke any rating, award, appointment or membership.
